Special First Class Magistrate of the Fields continued to be the Vice-President of the Board during the year.

Mr. H. M. White who was on leave and in whose place Mr. A. H. P. FitzPatrick had been appointed as a member of the Board on 7-7-1943, was reappointed as a member of the Board with effect from the 25th April 1944. From the same date, Mr. J. W. MEETINGS AND ATTENDANCE.

Six ordinary and two special meetings were held during the year and the average attendance was 16.47 (5.85 official and 10.62 non-official). The two special meetings were held for transacting the following business:-

22nd October 1943.	For considering the Administration Report of the Board for the year 1942-43.
23rd June 1944. (3-30 P. M.)	For considering the Budget estimates of the Board for the year 1944-45 and allied subjects.

SUB-COMMITTEES.

At the special meeting of the Board held on the 23rd June 1944, at 3-30 P. M., a Committee consisting of five members including the Vice-President as Chairman was constituted to examine the question of improving the sanitation of some of the areas like Robertsonpet and Andersonpet and submit proposals to the Board.

Measures of initiative or development.

With its limited resources, the Board has been doing its best from year to year to provide all possible amenities to the inhabitants of the area and to improve the area. But there are still a large number of improvement works of a very urgent nature which could not be taken up for want of funds. In continuation of the correspondence on the subject, a note showing the urgent requirements of the Sanitary Board was submitted to Government in May 1944 requesting for a special grant from Government for the following urgent improvement works :-

1) Drainage Scheme.
2) Shifting of the E. D. Hospital to a distant place from the present inhabited area.
3) Providing sanitary conveniences for some of the areas.

4. Construction of Bus stands.
5. Tarring of important roads.
6. Improvements to the two markets.
7. Slum clearance and rehousing the dishoused.
8. Improvements to water supply, and providing the interior parts with roads etc.,

Etc.,

Government have been pleased to make a provision of Rs. Two Lakhs in the State Budget for the year 1944-45 for these improvement works. The programme of works called for by Government (to be executed during the year 1944-45 and the Board the cost being borne by Government/in the proportion of 3 to 1) has been submitted to Government.

(2) The third stage of construction of quarters for the sweepers of the Sanitary Board was taken up during the year. As the estimated cost of these works according to the original estimate prepared in this behalf was found to be heavy, twelve concrete huts (with Mangalore tiled roofing) of the type design adopted by the Mining Companies were put up near the Nasikam Police lines, at a total cost of Rs. 3,403/- with the kind cooperation of the Superintendents of the Nandydroog and Mysore Gold Mining Companies. The area selected for the purpose by the President is a vast one and admits of further extension of the colony in future years.

In February 1943, sanction of Government was obtained for the appointment of a Revenue Officer, as a temporary measure, for a period of two years for the collection of the Board's dues. Mr. C. V. Krishnaswamy, M. A. LL. B. was the Revenue Officer of the Board from 17-3-1943 up to 14-10-1943 and went on leave from the 15th October 1943. In his place, Mr. H. T. Lakshminarasimhachar, Head Clerk of the Sanitary Board office was appointed as Revenue Officer temporarily during the absence of Mr. Krishnaswamy on leave. He continued as Revenue Officer from 15-10-1943 to 19-4-1944 when he was succeeded by Mr. H. Narayana Rao, Chief Officer of the Shimoga Town Municipality, who was appointed as temporary Revenue Officer by Government and Mr. Narayana Rao continued as Revenue Officer during the remaining part of the year.

An examination of the collection figures discloses that during the period when Mr. Lakshminarasimhachar was the Revenue Officer, there was marked improvement in collections, as a result of systematic and sustained efforts. The arrears under ground

rent on labour colonies which were heavy were reduced appreciably and the arrears of Andersonpet market were recovered fully, as a result of his efforts.
